It is not against the law to restrain a dog to a "zip", trolley or pulley line. Attaching a dog's leash to a long line—such as a clothesline or a manufactured device known as a pulley run—and letting the animal have a larger area in which to explore is preferable to tethering or restraining the dog to a stationary object. However, many of the same problems associated with tethering still apply, including attacks on or by other animals, lack of socialization, and safety.

The failure to correct this violation within twenty-four (24) hours may result in the issuance of a citation and/or additional criminal charges. An offense under this subchapter is a Class C misdemeanor, punishable by a fine not to exceed \$500.
